DETROIT MOUNTAIN DTEAM/NORTHLAND RACING:

This is a race program, rather than a Learn to Ski Program. We expect racers to be independent on the hill (able to snowplow/ski most of the hills at Detroit Mtn) and ride the chairlift with no help. We can take a limited number of racers who still need a little assistant with the chairlift in the early season.

If your child is new to our team, we would love to visit if you have any questions. Please contact Coach Jen Smith at jensmith82296@gmail.com or 218-849-7026.

The Winter Camp may be the perfect time to learn the necessary basics for those who are not quite ready for the team. {Special pricing for Camp Only}

ABOUT OUR PROGRAMS:

DTEAM: The Sunday only program will begin Sunday, December 2nd and train through March 2, 2019. Unless otherwise announced, the practices will be 1pm-4pm. Racers have the option of attending 4 races for the season. This Race Program teaches racers at their own level to help prepare them for DTeam+ and Northland practices/races as a part of a Junior Race program.

DTEAM+: Same as DTeam with 7 additional Thursday night practices (6-8pm). Training begins Dec 2nd. Racers have the option of attending 5 races for the season.

NORTHLAND: Sundays (1-4pm), Mondays and Thursday evenings (6-8pm) are becoming more and more popular for our more advanced racers. Training begins, Dec 2nd. Racers have the option of attending 10-12 races for the season.

Weather Policy: D-Team practices and races are rarely cancelled for any weather-related circumstances. Detroit Mountain Cold Weather Closure is:

-10 Straight Temp, -25 Wind Chill, or 30mph or greater wind gusts

If Detroit Mountain is able to be open during the hours of a scheduled practice, practice will go on as planned. However, as always, it is each parent's individual decision whether their child attends and we fully support that decision. You each know your kids best! When it is cold, we will offer frequent warm up breaks, but please use your own discretion. We will email out and post the information to Facebook as soon as possible.
